PURIFIED DRINKING WATER

FROM

SAN LUIS OBISPO, CALIFORNIA

ABOUT MAREA WATER

Marea means “tide” in Spanish, which represents continuous change.

Marea Water is eager to be the change we all need.

We are a canned water brand offering an alternative to single-use plastic water bottles.

We are proud to be a certified B-Corp organization and will partner with non-profits with like-minded ideas to help end plastic pollution.

- ☯ LEADERSHIP

OUR MISSION

Our mission is to create a new consumer trend around drinking canned water to end plastic pollution and ultimately save our oceans from microplastics.

HOW WE DO IT

Contrary to plastic, Aluminum is infinitely recyclable.

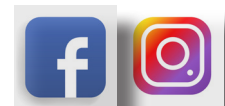

Of all the aluminum produced since 1888, over 75% of it is still in current use.

We have created the most perfectly balanced water on the market.

Sustainably sourced water from the mountains, filtered with reverse osmosis technology, maintained natural minerals, and added electrolytes for your health and taste buds.
